

WATERPROOF WALL PANEL SYSTEM
2025 COLLECTION

Walls Built For Life

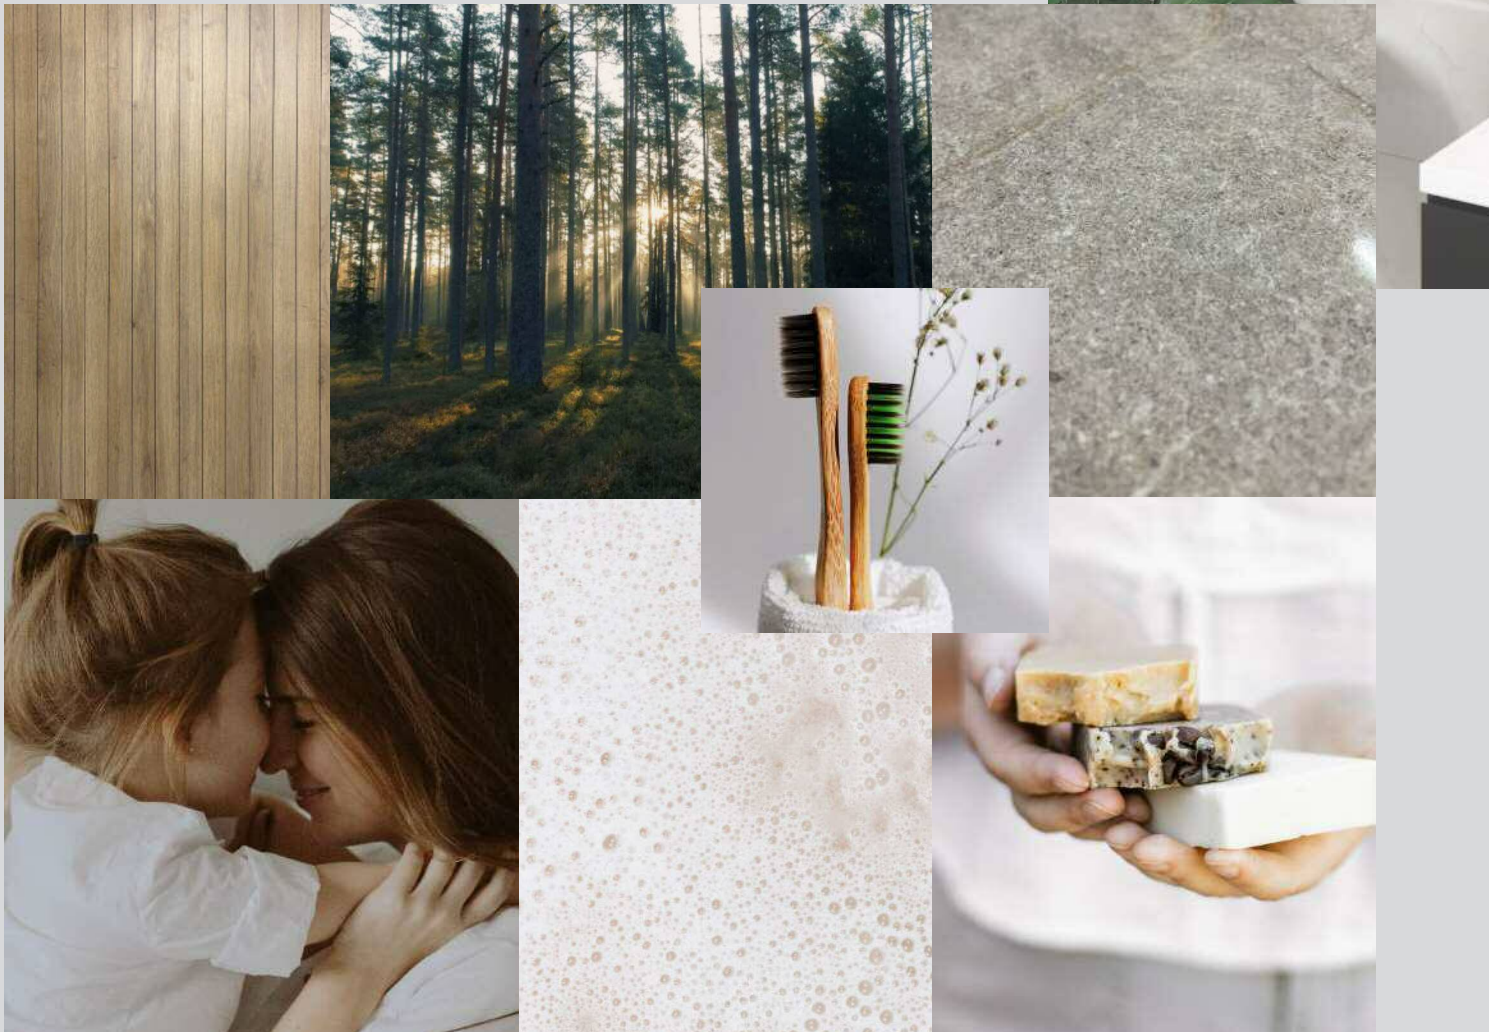

WELLBEING, RELAXATION, AND FUNCTIONALITY

From our very beginning, Fibo's focus on innovation has been our greatest driving force. Our products are tested to meet the highest wet room standards. That's why building contractors, public sector developers, and skilled tradespersons all choose Fibo.

CREATE YOUR DREAM BATHROOM

Our bathrooms are perhaps our most personal and intimate space in the home. Once seen as a place to cleanse our bodies, they are now a place of sanctuary. Somewhere where we go to escape the stresses of everyday life and to feel rejuvenated.

As well as providing a relaxing atmosphere, it should be easy to clean, hygienic and functional by design.

Stone 4008 WARM STONE M6080

Colour 6274 BUSTY BLUE LM6060

A NEW BATHROOM IN A CLICK!

The Fibo wall panel system is easy to assemble and is 100% waterproof. Delivered ready to assemble, it saves you both time and money. Get the bathroom you've always wanted for a great price!

GOOD FOR YOU AND YOUR SURROUNDINGS

Our products are made of certified renewable wood, without harmful chemicals and will have a lower CO2 footprint than if you chose to have a tiled bathroom.

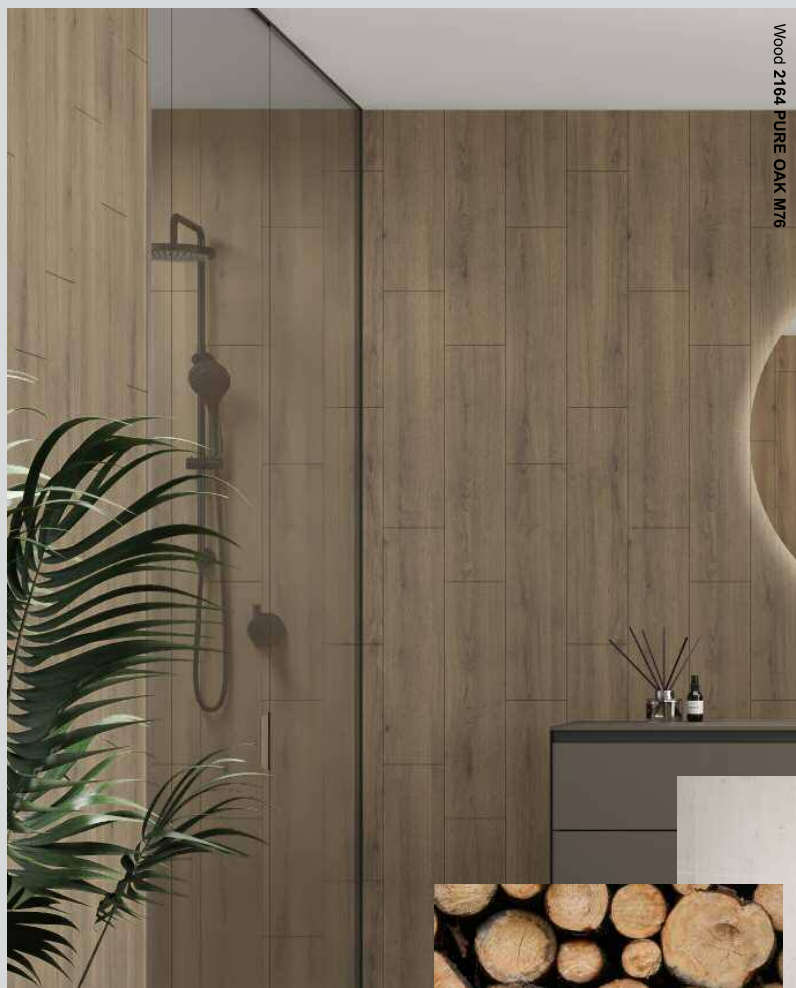

AT HOME WITH NATURE

Scandinavian design represents the simple and the functional. We want solutions that provide a sustainable lifestyle. Not only for ourselves, but for nature and the people around us.

FIBOCONNECT.CA

WOOD

NATURAL WOOD STRUCTURE

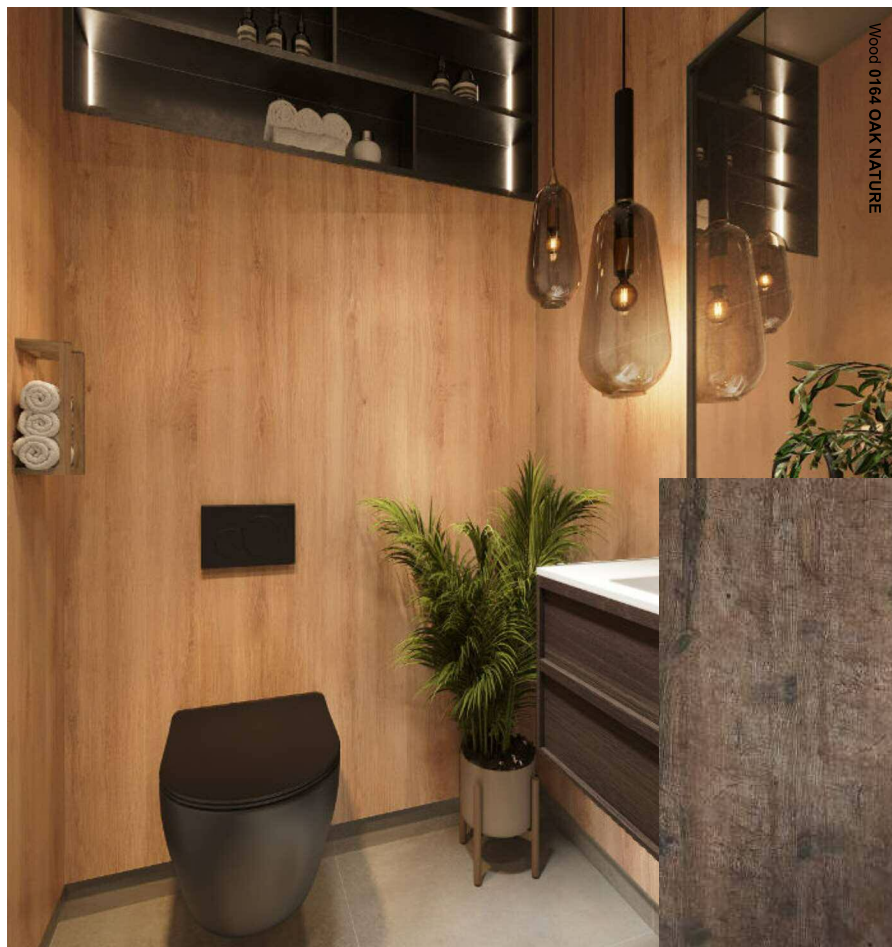

By using panels with a wood texture, nature is invited in. Different textures accentuate and soften the wood feel, and there is something for every taste.

Combine with other natural materials such as cotton, linen, wool, ceramics, and glass to enhance the natural feeling.

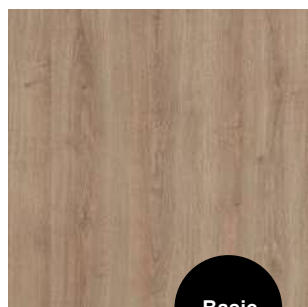

And hey...

There's no problem putting wooden panels in a shower our system is % waterproof!

STONE STRUCTURES AND NATURAL FINISHES

Bring nature indoors! Choosing a mineral decor will give your wall a natural look. We are introducing four new stone decors that truly elevate the collection. Both Beige Stone and Grey Stone come with an Extreme Matt finish that you should really experience!

The collection offers a wide range of possibilities, and it's a good idea to check the tile patterns in which the various decors are available. Keep in mind that the tile pattern significantly affects the appearance of the panels.

Stone decors also complement other color decors nicely. Experiment and find your favorite combinations!

COLOUR GLOSS

GLOSSINESS TO SUIT ANY TASTE!

For creative souls who dare to be expressive, we can offer these fresh high-gloss colors!

Colour Gloss decors stand up well on their own but also pair nicely with decors from other collections.

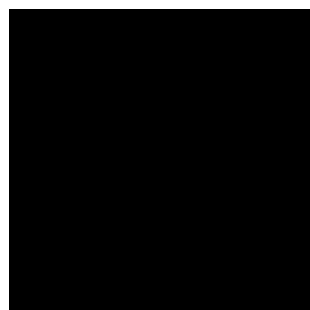

A tip could be to select decors with different finishes to bring life to a room. Feel free to ask us for suggestions on decors that work well together.

COLOUR GLOSS All with grey grout except for 5091 Athen White which has white colour grout.

All decors are available in the following designs: M00, M10, M0303, M0830, M6015, M6030, M6040, M6060, M78 Chevron.

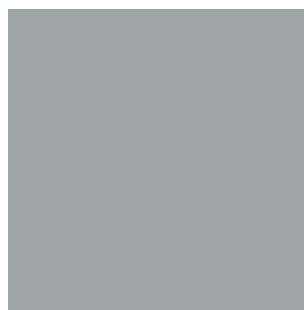

You can see how the different tile patterns look on page 17.

3D

THE MOST TACTILE SURFACE

The panels in this collection are manufactured with synchronized height and surface differences in the structure and joints, which results in a three-dimensional and highly lifelike appearance.

Please note that the D decors are specially designed to have lifelike joints, which are approximately 1/8 inch wide. The width can vary slightly. Also, keep in mind that the joints are not milled but are part of the synchronized panel surface, so these panels are exclusively available in the 12" x 12" tile pattern.

THE EXPANDED ROLE OF THE KITCHEN

We spend large parts of our time at home, and we use that time for everything from cooking to renovation projects. Our homes should reflect who we are and meet various needs.

COZINESS IN NATURAL ENVIRONMENTS

The kitchen is the heart of the home, not just a place for cooking and eating. It's also where we gather for meetings, do homework, socialize, and have some personal time. We seek solutions that promote a sustainable lifestyle, not only for ourselves but also for nature and the people around us.

TIMELESSNESS IN AN INSTANT

Fibo Kitchen Board is the fastest way to renew and add a personal touch to your kitchen. We offer a wide range of easy-to-maintain and low-maintenance panels. Fibo Kitchen Board can be mounted directly on the framework or existing walls. Follow the installation instructions provided with the product or visit fibosystemusa.com, and you are guaranteed a stylish result in no time!

Kitchen Board 5006 COPPER K00

Kitchen Board 5003 STEEL K00

Kitchen Board 5206 OLIVEGREEN KM71

ROBUST PANELS THAT CONCEAL THE BACK WALL

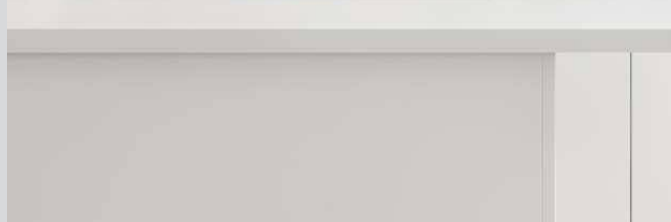

Fibo Kitchen Board has a core of sturdy plywood. With these panels, you get an easily installed, decorative wall that conceals any irregularities on the back wall and is also easy to keep clean.

IN A NATURAL WAY

Scandinavian design represents simplicity and functionality. We are looking for solutions that promote a sustainable lifestyle, not only for ourselves but also for nature and the people around us.

KITCHEN WALLS THAT WITHSTAND COOKING

Fibo Kitchen Board is a simple and smart solution that protects the wall from water splashes and cooking grease during meal preparation. The system provides seamless joints and a stylish transition between the back wall and the countertop.

Please note!

If the stove emits more than °F towards the back wall, a heat protection panel should be used in front of Fibo's Kitchen Board.

REMEMBER! To ensure a waterproof surface and an approved bathroom, the installation must always be carried out in accordance with the installation instructions in force at any given time.

KITCHEN BOARD

PANEL SIZES

94 inch panel height allow for a rapid, easy installation of a whole wall from floor to ceiling. Certain decors are also found in 107 inch length for rooms with extra high ceilings. We also offer abroad selection of decors in 41 inch wide panels, with no tile effect, in addition to an 12 inch wide accent panel.

Kitchen Boards are panels 18 inch in height, adapted to the splash zone between the kitchen counter and cupboards. The panels protect the wall from water or food preparation splashes.

ANTIBACTERIAL PROPERTIES

You get even more out of each Fibo panel. All our panels have an antibacterial surface that contains no harmful substances, requires no special maintenance, and is tested according to ISO 22196 which indicates good effect against the bacteria E. coli and Staphylococcus. The certification covers all our panel decors, both with and without design patterns.

FIBO | WALLS BUILT FOR LIFE

WORLD CLASS WALL PANEL

Fibo wall panel has a core of seven birch veneer layers made from PEFC certified wood types. The boards are pressed together and covered with high-pressure laminate so that there is a membrane in front. You thus get a 100% waterproof, environmentally friendly design wall adapted to your needs.

High-pressure laminate with 100% waterproof surface

7-layer birch veneer

Balance layer

FIBO AQUALOCK: 100% WATERPROOF

Our Aqualock click lock makes the Fibo wall system the perfect choice for both renovation and new constructions. The unique wall system provides a 100% waterproof surface, simplifies installation, and makes the joints virtually invisible. There is also no need for a moisture barrier or other type of waterproof membrane behind the panels.
